

Flex-to-Board Socket Assembly [F2B]

Flex-to-Board Socket Assembly [F2B]

1. PCB
2. Flex / Cable
3. Clamp with Support Backer
4. Spring
5. PariPoser® Elastomer

Flex-to-Board Socket

- Design can be adapted for a wide range of flex/cable widths and pitches.
- Requires mounting and alignment hole features in the PCB.
- Customizable Features:
 - Can incorporate a strain-relief feature on the flex/cable, as shown in the image above.

The Paricon Flex-to-Board connector allows for a solderless detachable connection with a short signal path.
